TABLES

SHEWING THE

TRADE OF THE UNITED KINGDOM

WITH DIFFERENT

FOREIGN COUNTRIES AND BRITISH POSSESSIONS,

IN EACH OF THE TEN YEARS

FROM

1841 to 1850.

COMPILED FROM OFFICIAL RETURNS.

Presented to both Houses of Parliament by Command of Her Majesty.

LONDON:
PRINTED BY GEORGE EDWARD EYRE AND WILLIAM SPOTTISWOODE,
PRINTERS TO THE QUEEN'S MOST EXCELLENT MAJESTY.
FOR HER MAJESTY'S STATIONERY OFFICE.

1855.

1987

This Volume is in continuation of the Decennial Volume from 1831 to 1840.

When changes in the Statistics of the Board of Trade have been under consideration, it has been a question whether a Volume on the same plan should be continued, and the preparation of the Volume was suspended. This is the chief cause of its late publication.

The present Volume has proved to be a heavier task than the preceding Volume, in consequence of the enumeration of a greater number of Countries, in the Accounts of the Trade in each of the Principal Articles, and also in the Accounts of the Trade with the separate Countries. In this last description of Accounts, it has been considered a more convenient arrangement to separate the Quantities and the Declared Value. Some slight alterations have also been introduced into the Headings of the Import Accounts, for the sake of perspicuity; and the Index has been arranged for each Account.

TO THE RIGHT HONOURABLE THE LORDS OF THE COMMITTEE OF PRIVY COUNCIL FOR TRADE.

My Lords,

As the accompanying Volume of Foreign Statistics appears under a different Title to previous publications of the same kind, I beg to offer a short explanation upon the subject. Your Lordships are aware that for some years the Returns relating to Foreign Countries, then for the most part furnished by Her Majesty's Consuls, were included in the Annual Volume of Tables relating to the Revenue, Population, Commerce, &c., of the United Kingdom; and that a few years ago, in consequence of the reception of Official Statistics from several Foreign Countries, and the necessary enlargement of the digest of Foreign Statistics by this department, a separate Volume was published, from time to time, of such information only, and as a Supplement to the Volume of Tables relating to the United Kingdom.

These Volumes consist of:—

Supplement to Part XII., published in December 1844	-	pp. 327
Supplement to Part XIV., published in April 1849	- -	pp. 529
Supplement to Part XVIII. { Sec. A., published in July 1851 / Sec. B., published in May 1853 }		pp. 1009

The plan pursued in compiling these Volumes has been to obtain, as far as practicable, Official Statistics, illustrating the resources and interests of all Countries, and to select the chief features for publication; continuing the series of years from Volume to Volume. The collection of such information by this department has been much improved by an interchange of Official Statistics between the Board of Trade and the several Foreign Governments, through the medium of the Foreign Office; and I trust that by the continuance of such an exchange of information, the Foreign Statistics, compiled and published by this department, will become more and more complete.

The present Volume is framed upon the same principle as the preceding Volumes, and the Statements contained in it are in continuation, for the respective Countries, of Supplement to Part XVIII., Sec. A. But the Title of the Volume is altered because of the general change now in progress with respect to the Volume of Tables relating to the United Kingdom. According to the plan submitted by me and approved by your Lordships, the Trade and Navigation Accounts, the Miscellaneous Returns, and the Colonial Statistics, will be re-arranged, and published each in separate Volumes. Such a change in the *original* Volume, prevents the continuance of a *Supplemental* Volume for the Foreign Statistics alone. These will, therefore, have their own Title, and be published in Sections, to effect an earlier issue. The Sections will be Numbered, to denote the progress of the Series.

I have the honour to be,
My Lords,
Your most obedient Servant,
A. W. FONBLANQUE.

Note.—The Value of the Trade by Land does not include that part of the Trade on the Frontier which is not required to pass the Custom House; and the Illicit Trade by Land is said to be very considerable, being probably equal to the difference between the Imports and Exports.
